Upskilling for Door supervisor(DS Top Up) -new

The Level 2 Award for Door Supervisors in the Private Security Industry (Top Up) course is designed for learners who currently hold a licence from the Security Industry Authority (SIA) to work as a door supervisor and need to be brought up to date with the new licence-linked qualifications requirements.

If you have already done the training before the new licence-linked requirements, and your licence is in need of renewal, we strongly recommend getting this training done and out of the way as soon as possible.

Don't leave it till the last minute and then be out of work as we have witnessed some do!

PLEASE NOTE: Learners must hold a First Aid or Emergency First Aid certificate which is valid for at least 12 months from the course start date.

If you do not have a First Aid Certificate, then you can go ahead and book it using the following links:

First Aid

Emergency First Aid

Assessments: Multiple choice exams

- Principles Of Terror Threat Awareness In The Private Security Industry.?
- Principles Of Using Equipment As A Door Supervisor In The Private Security Industry.

1. Application Of Physical Intervention Skills In The Private Security Industry.
